

Renaud VATRINET

Early Stage Researcher
Dept of Pharmacy and Biotechnonology
University of Bologna, Bologna, Italy

renaud.vatrinet@gmail.com

– EDUCATION –

2012/2013 Master in Genetics and Physiology

University of Auvergne/ Blaise Pascal University, France

2008/2011 BSc in Sciences-Technologies - Health

University of Auvergne, France

– RESEARCH EXPERIENCES –

01/2013 – 06/2013 Master graduation project

Tridimensional cell culture and identification of stem cells in murine melanoma

French National Institute for Health and Medical Research

UMR 990 "Molecular Imaging and Therapy Vectorised"

Supervisor: Dr Eric DEBITON

05/2012 – 07/2012 BSc graduation project

Expression and role of ZNF521 in primary culture of OA chondrocytes

Laboratory of Molecular Hematopoiesis – Department of experimental and clinical medicine

Magna Graecia University, Catanzaro, ITALY

Supervisor: Prof Giovanni MORRONE

– TECHNICAL SKILLS –

Cell culture: Tridimensional and monolayer cultures

Molecular biology techniques: Western Blot, q-RT-PCR, PCR, immunofluorescent labeling protein, SDS-PAGE, agarose gel electrophoresis

Microscopy techniques: Light microscopy, Fluorescence microscopy, Confocal Microscopy

Animal experimentation diploma (2011) *University of Auvergne*

– LANGUAGES –

English (Fluent)

Italian (Good)

French (Native)
